Hi – left you a long voice mail after my meeting with Margaret, hope that made sense.... Here is a follow up note from her on agenda.

I will ask Rick if there is anything he wants us to say on item #3.

Lori

**Subject:** Agenda for Senior Managers' meeting

Hi Lori,

Just a quick follow up to our call today today about the agenda for next Thursday's meeting where we agreed to three agenda items, maybe four if there is time:

1. Comparison of EPA's and the LWG's understanding of the Portland Harbor Site
2. Project management and staffing
3. Dispute status
4. The Future, including: (a) whether we should revise the process for completing the FS; and (b) schedule

If this is consistent with your understanding, I will share with the LWG.

Thanks,

Margaret
